MAIBAUM
Dance

Dancing around a maypole is a May Day tradition with symbolic roots, often interpreted as celebrating fertility, the coming of spring, and renewal. It's believed to have ancient origins in pagan rituals, where the maypole represented a tree, and the dance symbolized the intertwining of masculine and feminine energies.

The Elanora Bell Ringers

Cowbells were historically used to track the whereabouts of cattle in pastures. Farmers could identify their herd by the unique sound of each cowbell.

Traditional tuned cowbells (Alpenglocken), are used as a musical instrument, consisting of different tuned and sized bells.

Some keen students learned how to use the bells under the guidance of our talented Vikki.

Our "students" struggled a bit at the beginning,

which is proof, that it isn't as easy as it looks.

... but at the end they got the hang of it.

It's all about having

Fun!

In Austria, "Maifest" generally refers to celebrations on **May 1st**, which is both Labor Day and the traditional day for erecting maypoles (Maibaum). The maypole is decorated and raised as a symbol of fertility and growth, marking the beginning of spring.

No MAIFEST without flowers, it's springtime in Austria.
